---

## PROFESSIONAL SUMMARY

Physically fit and dependable Mechanical Engineering graduate with hands-on experience in operations, equipment maintenance, and team-based fieldwork. Skilled in manual labor, vessel support systems, loading/unloading, sanitation, and small equipment handling. Over 4 years of experience working in demanding environments such as factories, water utilities, and retail support roles. Strong familiarity with routine inspection, coordination during repairs, and basic marine system understanding. Ready and eager to serve in an active agricultural operations setting.

---

## KEY QUALIFICATIONS

- **Bachelor of Science in Mechanical Engineering** – Dedan Kimathi University of Technology
- Skilled in maintenance, minor repairs, safety compliance, and physical task execution
- Strong communication, teamwork, and hands-on problem-solving
